

7th International Black Sea Conference on Communications and Networking

CALL FOR PAPERS

The IEEE BlackSeaCom series of conferences are held in the countries surrounding the Black Sea. The goal of the IEEE BlackSeaCom is to bring together visionaries in academia, research labs and industry from all over the world to the shores of the Black Sea. Here they will address many of the outstanding grand challenges that exist in the areas of communications and networking while having an opportunity to explore this exciting and dynamic region that has a rich history.

Following the first six editions of the conference in Batumi, Georgia (2013), Chisinau, Moldova (2014, originally scheduled for Odessa, Ukraine), Constanta, Romania (2015), Varna, Bulgaria (2016), Istanbul, Turkey (2017), Batumi, Georgia (2018), the next edition will take place in Sochi, Russia in 2019.

We seek original, completed and unpublished technical papers not currently under review by any other journal, magazine or conference. Besides the regular technical papers, the conference also welcomes submission of poster papers which present work in progress, with preliminary results, as well as tutorials and demos.
