Wednesday, April 17th — 10:00-16:00

The Women in Engineering Program at IEEE WF-IoT 2019 is aimed at professional women in technology, from industry or academia. It is designed to provide the opportunity to create communities to facilitate knowledge sharing and provide support through highly interactive sessions designed to foster discussion and collaboration.

KEYNOTE SPEAKER

Dr Donna O'Shea, Cork Institute of Technology
"Complexities of being the token woman"

PANEL DISCUSSION

Leadership: Insights and Experience from Leading Women in Technology

Ita Richardson	**Grainne Barry**	**Maria-Alexandra Paul**	**Donna O'Shea**	**Grainne Murphy**
Co-principal investigator, Lero, University of Limerick. Special Advisor to the UL President on Equality and Diversity	*Regional Operations Director, EMEA at STATS LLC	Co-*	*Scientist, EPFL, Switzerland, Chair, IEEE Switzerland; Chair, IEEE Switzerland Women in Engineering; Vitality Officer, IEEE R8 Women in Engineering*	Lecturer, Cork Institute of Technology	*IoT Marketing Manager, Analog Devices*

NETWORKING LUNCH

Opportunities and activities in IEEE Women in Engineering

Maria-Alexandra Paul, *Chair, IEEE Switzerland; Chair, IEEE Switzerland Women in Engineering; Vitality Officer, IEEE R8 Women in Engineering*

Ruth Lennon, *WIE UK & Ireland Affinity Group Committee*

Widening Participation and Bridging the Gender Gap in Cyber Security and AI

Dr. Chitra Balakrishna, *Senior Lecturer in Cyber Security, Open University*
